Readjustment of the Table of Organization for Project [REDACTED]

25X1A2g

1. The Table of Organization for Project [REDACTED] requires certain changes and additions due to the increased assigned work load consisting of both operational and training activities. 25X1A2g

2. The following change and additions will remedy the situation.

a. Delete position #22 (Commo Tech Radio) GS-7, reallocate to the Office of the Deputy Chief and reclassify to Admin Asst. GS-9.

b. Create a new position, Materiel Ass't, GS-7, under the Office of the Deputy Chief. This is required as the Mission can no longer support this project for technical supplies due to differences in [REDACTED] their physical separation.

c. Add three (3) positions, GS-9, to the Training Section. These are required to take care of the increased training load caused by the completion of a project that had previously assisted [REDACTED] in the training field.

25X1A2g

3. These additional positions will make no change in the overall Foreign Field ceiling for the Office of Communications.

4. It is requested that the above change to the presently authorized T/O be approved and the records amended accordingly.
